

1. Splash screen: Change the background to the locker room banner image i shared

With background image as below

Use above bg image for all the screens like signin, signup and wherever applicable.

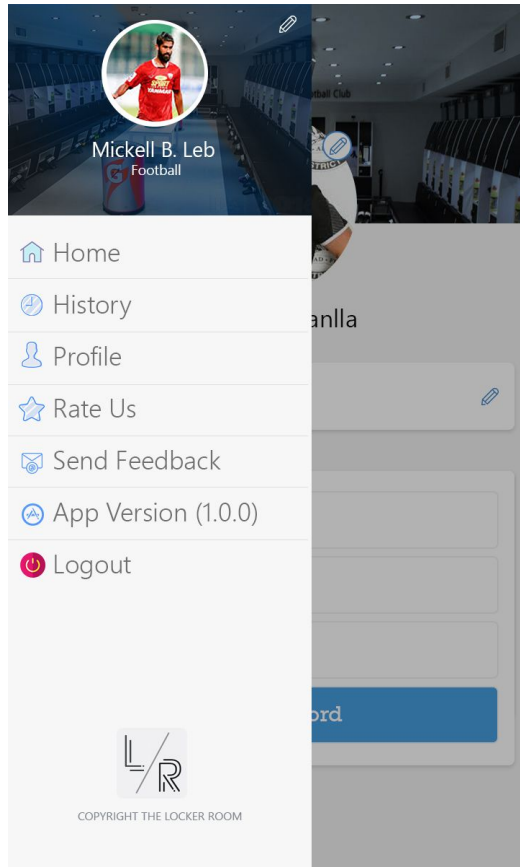

2. Sign In screen

A mockup of a sign-in screen for 'Locker Room'. The background is a dark blue and green abstract pattern. At the top center is the 'Locker Room' logo, which consists of a white square containing a stylized 'L' and 'R' separated by a diagonal line, followed by the words 'LOCKER ROOM' in a white, outlined, sans-serif font. Below the logo are two tabs: 'I AM A PLAYER' with a player icon and 'I AM A COACH' with a coach icon. Below the tabs is an email input field with a placeholder '@ Email ID' and the text 'yash@gxplockerroom.com'. Below the email field is a password input field with a placeholder 'Password' and a series of asterisks '*****'. At the bottom is a large blue button with the text 'SIGN IN' and a white right-pointing arrow icon. Below the button is a link that says 'Don't have an account? SignUp'.

- Which tab is currently selected is not clearly visible, need clear differentiator between active tab and non active one for I am a player and I am a Coach
- Use professional font and dont use capital letters
- Include forget password link as well

3. Signup screen should also avoid capital letters and font family to be more professional.

4. Sidebar

- Player Image in sidebar is different than the one on the player screen.
- Remove Football under player name, instead keep university name
- Remove history tab

Player screens:

1. Home screen

Current Year(2019)
